

Privacy Policy for Typing... Mobile Application

Effective Date: 2025-10-16

Typing... LLC ("Company", "we", "our", "us") respects your privacy and is committed to protecting users' personal data. This Privacy Policy describes what data we collect, how we use it, share it, and protect it when you use the Typing... mobile application ("Application").

1. General Provisions

By using the Application, you agree to this Privacy Policy. If you do not agree, please do not use the Application.

2. Data Collection and Use

We collect the minimum necessary information:

- Technical data: device type and model, OS version, system language, crash data, usage statistics.
- User-provided data: email or other contact details provided during registration.

We use this data to:

- Maintain and improve the Application.
- Analyze usage and improve user experience.
- Respond to user inquiries.

3. Sharing Data with Third Parties

We may share anonymized data with third parties for analytics, performance improvement, and notification delivery. We do not sell your personal data.

4. Data Storage and Security

We protect your data using modern security measures. Data is stored on secure servers and transmitted using encryption.

5. User Rights

You can request access, update, or deletion of your data. Contact us: cpo@neuro-x.ai

6. Age Restrictions

The Application is intended for users over 17 years old.

7. International Data Transfer

Your data may be processed and stored outside your country of residence.
